

SCHOOL OF CONTINUING STUDIES

Concordia's School of Continuing Studies offers undergraduate general education and elective courses delivered in accelerated online formats. The courses are designed for adult students and to assist students in building enough general education credits to start one of Concordia University's adult accelerated degree programs. Through these intensive courses learners can earn up to 36 semester credits in approximately one calendar year. There are no educational prerequisites to enroll in these classes and visiting students are welcome to enroll.

Accelerated general education courses allow learners to:

- efficiently obtain general study requirements to prepare for an accelerated learning program;
- develop skills to be successful in academic work;
- earn foundational credits for a liberal arts education; and
- work towards a college degree, regardless of geographic location or time.

Course Delivery

Courses are delivered online. In the online accelerated classes learners collaborate with a community of peers through chats, discussion boards, and email.

Course Selection

Participants will be teamed with an advisor who will assist in creating a class schedule that fits with the student's work and personal life.

Associate of Arts Degree: Online

The Associate of Arts (A.A.) degree provides learners with general education credits from various academic disciplines delivered through online education. General education courses provide students with a foundation for critically examining the world from unique perspectives. These courses also help prepare students for the major courses in their bachelor degree programs.

The Associate of Arts degree program totals 60 semester credits.

Associate of Arts in Pre-Nursing

The Associate of Arts in Pre-Nursing prepares students for application to the University's Bachelor of Science in Nursing (BSN) Pre-Licensure program (<http://catalog.csp.edu/archive/2021-2022/undergraduate/majors/nursing-bsn-pre-licensure/>). AA Pre-Nursing students will complete their general education course requirements and the necessary prerequisite coursework for the BSN Pre-Licensure program. Students should review the overall BSN Pre-Licensure admission criteria (<http://catalog.csp.edu/archive/2021-2022/university-information/admission/adult-undergraduate-programs/>) to ensure awareness of minimum grade requirements in specific courses, GPA requirements, and other necessary admission criteria. Students interested in nursing programs at other institutions should review each institution's admission requirements as they typically vary between institutions.
