

# ACCOUNTING MAJOR (BS ADULT)

An accounting degree at Concordia University, Saint Paul prepares students for public, managerial (industrial) or governmental accounting. Students encounter engaging financial information, active problem solving, and a variety of skills necessary in today's business environment. Explore foundational theories and practices related to financial and managerial accounting, tax and audit in a structured accounting course sequence. Gain a broad business perspective while learning economics, finance, marketing, and management in courses emphasizing the relevancy of accounting information, analysis and financial decision-making.

A BS in accounting meets both the 24 semester-hour requirement of intermediate and advanced level accounting courses, as well as the 24 semester-hour general business course requirement required to sit for the Uniform Certified Public Accountant (CPA) Exam in Minnesota. If an accounting student wishes to pursue the CPA credential, faculty and academic advisors work with the student to reach the 150 semester-hour requirement to apply for the CPA license. A BS in accounting also satisfies the requirements to sit for the Certified Management Accountant (CMA) exam.

Students are encouraged to visit these websites for more information on the accounting profession and the requirements for CPA and CMA licensure in Minnesota:
