PSYCHOLOGY (BS)

The Bachelor of Science (B.S.) degree in Psychology allows students to gain a deeper understanding of the field of psychology with a focus on human behavior, cognition, interaction, and development. The broad scope of courses in the major offers students a comprehensive learning experience, concentrating specifically on psychological foundations. The curriculum is focused on career readiness as well as experiential learning through an internship.

General Education Requirements

All degree seeking undergraduate students must complete the general education (https://catalog.csp.edu/undergraduate/academic-information/general-education-requirements/) requirements.

Degree Requirements

Bachelor of Science (https://catalog.csp.edu/undergraduate/academic-information/graduation-requirements/#bs) degree consists of a major of typically 30 to 60 credits, general education courses, upper-level requirements, and elective courses totaling a minimum of 120 credits.
